

Hold The Stars -- Mason Harms

Capo 3

Verse 1

Am7 Em7
I look into the night and I see
G D/F#
A hundred billion stars in perfect peace
Am7 Em7
I wish could be like them
G D/F#
But I'm pulled from every side
Am7 Em7
And i still don't know who I am
G D/F#
Or where to go

CHORUS

C G
So I will cast my burden on you
D Am7
Cause it's tearing me apart
C G
If you can hold the universe
 D Am7
then you can hold my troubled heart
C G
Im not strong enough to do this on my own
D Am7
Every moment I need you, Jesus I need you
C G
I wont fear what the future holds
D
because you can hold the stars.

Verse 2

Am7 Em7
I want to give it all, all to you
G D/F#
I know that you are good and always true
Am7 Em7
Don't wanna gain the world
G D/F#
And become a slave

Hold The Stars -- Mason Harms

Am7 Em7
But there's pressure from every side
G D/F#
And I'm just trying to be brave

Chorus

Bridge

Am Em7
I may roll the dice but you make them fall
G D/F#
You have bigger dreams for my life after all.
Am Em7
When I reach for the stars i might make it to the trees
G D/F#
But when I lay my life down Jesus carries me.
Am Em7
So take it all Lord, I surrender
G D/F#
I trust that your way is so much better
Am Em7
In rich or poor you're my provider
G D/F#
Take it all lord take me higher

Chorus
